# Windermere Bridgeport/Charbonneau Preferred Vendor List

---

There are numerous competitors in the marketplace for these kinds of services.

Although we cannot be responsible for the individuals and companies listed on the website, we do know that they have been utilized in the past by other homeowners. Each service provider should be happy to provide you a list of past clients or customers to assist you in making your decision.

Prior to making your decision, you will want to satisfy yourself that your selection has adequate errors and omission insurance, is licensed, if applicable, and if a home inspector is a member of ASHI or NAHI. For insurance policies, review each policy carefully, as well as consider the reputation of each company.
